

Ice House Customers

The City of Hackensack has informed us that the new public parking garage located across the street from the Ice House is now open and the city will be charging an hourly fee to park in the garage.

Also, the City has just informed us that the parking lot at Foschini Park is for park patrons only, all others will be ticketed.

Ice House Customers should park legally in the Ice House lot or use the new city parking garage across the street from the rink (if using the Ice House lot, please don't park in Handicap spots without the proper tag, in fire zones or on the grass in front of the rink).

The City of Hackensack (www.hackensack.org/parking) is fully responsible for the operation of the new parking area. Any questions, concerns, or comments associated with the new parking area should be directed to Bill Daley, City of Hackensack Parking Operations Supervisor at (201) 646-3907 or bdaley@hackensack.org

Ice House, its affiliates, directors, employees, and agents do not own, operate, or profit financially in any way from the public parking garage.

Thank you,

Ice House Management
